

Silicone Wrap

Scope of Use / Specification Sheet

SharkBite® plumbing fittings and pipe are manufactured in Australia at RWC's state of the art facilities. Stringent quality control and advanced manufacturing procedures guarantee product satisfaction.

SharkBite® is an advanced design push-to-connect plumbing system for potable water distribution. SharkBite® is available in an assortment of over 200 fittings and PEX pipe ranging from 16-25mm size. SharkBite® has been engineered with ease of use and disconnection in mind and while being the most dependable way to join copper and PEX Pipe in any combination – with no soldering, clamps, unions or glue.

25406

Product Code

Code	Size / Model
25406	50mm x 3m (Self-adhesive)

Specification Data

Materials	Thickness	Working Temperature
Silicone Rubber	0.02"	-54°C to +260°C

Features and Benefits

- Strong wrap used on brass fittings when buried.
- Corrosion resistant.
- Stretches up to 300%.
- Bonds within minutes - cement to itself within a few hours.

Installation

Make a SharkBite connection ensuring pipe is inserted to proper depth. While leaving the protective film in place, measure the amount of tape needed to completely wrap the fitting.

To ensure a proper seal, overlap tape by 1" past the end of the fitting on every end and ¼"–½" between across the fitting.

Wrap the fitting by pulling the tape tight and removing the protective film. Completely cover the fitting. The tape will bond to itself within minutes and will cement to itself within a few hours.

25 YEAR
GUARANTEE

All SharkBite fittings are guaranteed against defects in materials or manufacturing for a period of 25 years from the date of purchase.
